Bareilly, Uttar Pradesh, 243001, India

Full Stack Developer specializing in the MERN stack with a strong foundation in Information Technology and Computer Science. Skilled at building scalable, secure, and responsive web applications using JavaScript, React.js, Node.js, MongoDB, Python, and related technologies. Experienced in source code management, version control (Git, GitHub), and implementing best practices to optimize performance and security. Committed to continuous improvement, collaboration, and delivering high-quality, reliable solutions. Known for strong communication skills, keen attention to detail, and a friendly, motivated approach to team environments.

Work Experience

Android Developer
Mar 2025 - Apr 2025

Evoa Technologies Pvt. Ltd. | Bareilly

· Designed and developed a reliable MVP Android application with 90%+ feature completion by implementing development best practices and optimized UI/UX design, improving user flow by 30%. Integrated Firebase for secure authentication and real-time data updates. Collaborated closely with a 4+ member team, demonstrating strong communication skills, continuous improvement, and on-time project delivery.

Web Developer (React.js)
Feb 2025 - Mar 2025

RIF, MJPRU University | Bareilly

· Independently developed and deployed the official ReactJS landing page for Samagam 2025, achieving a 60% reduction in initial bundle size and 30% faster load time by applying best practices such as code splitting and lazy loading. Demonstrated a technical background in frontend scalability, version control (GitHub), and responsive design. Maintained project reliability and adhered to high-quality coding standards.

Projects

Employees Management System
Jun 2024 - Jul 2024

· Developed a scalable Employees Management System using React.js, Node.js, Express.js, and MongoDB, achieving 99.9% uptime and 2s response times. Implemented secure JWT authentication reducing security incidents by 95% and optimized MongoDB queries for 40% faster data retrieval. Applied cloud integration best practices and continuous monitoring to maintain system reliability and high user satisfaction (95%).

Core Skills

frontend Development : HTML, CSS, React.js, JavaScript, Next.js, Flutter

Backend: Node.js, Express.js, REST APIs, MongoDB, Python, Firebase, JWT Authentication, SQL, SQL Query, API Development, Relational Databases, Database Design

Development Tools: Git, GitHub, Postman, version Controll, source code managment

Other Technology: Cloud Services (AWS Basics), Responsive Web Design, UI/UX Design Principles, MVC Architecture, Debugging, Optimisation, Agile Development, Asynchronous Programming

Soft Skills: Collaboration, Communication Skills, Attention to Detail, Problem Solving, Highly Motivated, Friendly, Reliability, Commitment to Continuous Improvement

Education

AKTU University

Oct 2022 - Dec 2026

Bachelor of Technology Computer Science Engineering

kendriya Vidyalaya JLA no. 2

Mar 2021 - Apr 2022

Higher Secondary school Certificate Science
GPA: 82.3

Languages

English *(fluent)*, **Hindi** *(fluent)*

Certificates

Full Stack Web Development Bootcamp

Technologies Covered : MERN Stack, AWS Basics, CI/CD

AI/ML Foundations Workshop

DSA in JAVA
